

## TRM 731 Treadmill Experience™ Series

The TRM 731 combines essential reliability and ease-of-use with an intuitive console at a value just right for you. This treadmill is designed to optimize performance and maintenance while providing a comfortable and effective workout for your exercisers. The simple, clean design holds up under heavy commercial use, ensuring your investment will last into the future.

The P30 console complements the line through form and function, with easy-to-use motion controls, a LED display with essential workout stats to keep exercisers moving, and a mobile device charger.

At Precor, we recognize that a great workout is the sum of many parts. In your hands, the products, services, and technologies we offer can be combined in countless ways to complement the programs and atmosphere you're creating.

# TRM 731 Treadmill Experience™ Series

## Product Features

### 1. P30 Console

The P30 console features easy-to-use motion controls and a LED display that focuses on the essential fitness stats that keep users informed and engaged. Add an optional Entertainment Cap to provide access to a selection of audio channels, including those from wall or ceiling-mounted displays, or a Personal Viewing System (PVS) to give exercisers a more personal entertainment experience, with total choice and control.

### 2. Motor Drive System

The motor drive system improves performance, efficiency, and reliability through improved internal cooling, a wider operating range, and unique input current averaging to identify more precisely when a running belt requires replacement.

### 3. Integrated Footplant Technology™

Recognizes exercisers' natural foot speeds and matches every stride for an ultra-smooth feel that enhances their workout experience.

### 4. Ground Effects® Impact Control System

Our patented GFX system combines ideal cushioning, support, and stability for exercisers. Precor decks are designed to provide more absorption in the front where exercisers' feet hit the belt and added rigidity at the back for a firm push-off.

### 5. Active Status Light

To increase uptime, an external status light lets you and your staff know at a glance the operating condition of your treadmill and when to perform life-extending maintenance.

Gloss Metallic Silver Frame

Black Pearl Frame

Refined colorways with dark Tungsten covers and two frame color options.
