

## TRM 761 Treadmill Experience™ Series

The TRM 761 combines essential reliability and ease-of-use with touchscreen technology at a value just right for you. This treadmill is designed to optimize performance and maintenance while providing a comfortable and effective workout for your exercisers. The simple, clean design holds up under heavy commercial use, ensuring your investment will last into the future.

The P62 touch screen console injects contemporary design and a premium networked fitness experience to the cardio floor, at a mid-tier price.

Furthering the value of this state-of-the-art console, networked units receive automatic software updates, refreshed content, and new features without any action or expense.

At Precor, we recognize that a great workout is the sum of many parts. In your hands, the products, services, and technologies we offer can be combined in countless ways to complement the programs and atmosphere you're creating.

# TRM 761 Treadmill Experience™ Series

## Product Features

### 1. P62 Console

The P62 console features personalized viewing and the remarkable clarity of TV and internet options that exercisers crave, all in a 10 in / 25.4 cm screen. With the ability to “favorite” selections for the future, exercisers can customize their workout experience based on what's important to them.

### 2. Motor Drive System

The motor drive system improves performance, efficiency, and reliability through improved internal cooling, a wider operating range, and unique input current averaging to identify more precisely when a running belt requires replacement.

### 3. Integrated Footplant Technology™

Recognizes exercisers' natural foot speeds and matches every stride for an ultra-smooth feel that enhances their workout experience.

### 4. Ground Effects® Impact Control System

Our patented GFX system combines ideal cushioning, support, and stability for exercisers. Precor decks are designed to provide more absorption in the front where exercisers' feet hit the belt and added rigidity at the back for a firm push-off.

### 5. Active Status Light

To increase uptime, an external status light lets you and your staff know at a glance the operating condition of your treadmill and when to perform life-extending maintenance.

Gloss Metallic Silver Frame

Black Pearl Frame

Refined colorways with dark Tungsten covers and two frame color options.

## SPECIFICATIONS
