

## DBR0410 Olympic Incline Bench

### DISCOVERY™ SERIES BENCHES & RACKS

Like every piece of equipment in our Discovery™ Series Benches & Racks Line, the DBR0410 Olympic Incline Bench adds value to your facility by combining essential performance and durability with thoughtful design.

The Discovery Series Olympic Incline Bench provides a more secure benching experience by positioning the spotter on the ground, where they are more stable. The low-profile bench accommodates a wide range of exercisers in a stable and comfortable “three point” stance.

Strength equipment is a long-term investment and with the Discovery Series from Precor, you can make your strength purchase with confidence. With a full range of approachable and intuitive products that perform for exercisers of all ability levels and will withstand the test of time, the Discovery Series is the straightforward strength solution you’ve been looking for.

# DBR0410 Olympic Incline Bench

## DISCOVERY™ SERIES BENCHES & RACKS

### Product Features

**1. Low-Profile Design**

The low-profile bench/seat design keeps the spotter on the ground, where they have greater stability.

**2. Ergonomically Designed Bench**

The angle of the adjustable, tapered seat to the back pad ergonomically positions exercisers and enables unencumbered lifting while minimizing external shoulder joint rotation.

**3. Built-in-Storage**

The eight conveniently positioned weight storage horns accommodate Olympic and Bumper-style plates without overlap, providing quick and easy access.

**4. Wear Guards**

High-impact, polyurethane wear guards help protect the bench and Olympic bar from metal-on-metal contact and are segmented for easy replacement.

**5. Ratcheting Seat Adjustment**

The gas-assisted seat adjustment allows exercisers to get the right fit for their body.
