

DSL0620 Inner Thigh DISCOVERY™ SERIES SELECTORIZED LINE

Like every piece of equipment in our Discovery™ Series Selectorized Line, the DSL0620 Inner Thigh adds value to your facility by combining essential performance and durability with thoughtful design to deliver an exerciser experience that feels natural.

The Discovery Series Selectorized Inner Thigh is designed so exercisers face inward toward the shrouded weight stack during the workout, providing privacy. An easy-to-operate starting position and slightly reclined seat back increase comfort and stabilization for the exerciser.

Strength equipment is a long-term investment and with the Discovery Series from Precor, you can make your strength purchase decision with confidence. With a full range of products that are approachable and intuitive, perform for exercisers of all ability levels, and will withstand the test of time, the Discovery Series is the straightforward strength solution you've been looking for.

DSL0620 Inner Thigh

DISCOVERY™ SERIES SELECTORIZED LINE

Product Features

1. Start Position Adjustment

The easy-to-operate adjustable start position accommodates a wide range of exercisers.

2. Reclined Back Position

A slightly reclined back position increases exerciser comfort and stabilization.

3. Weight Tower, Shroud, and Weight Stack

The open and inviting design allows exercisers to easily access the weight stack selector pin and add-on weight lever. The 5 lb / 2.3 kg add-on weight can be engaged with a simple flip of the lever to increase the load. The shroud cap is secured with three fasteners for easy access and maintenance, and the smaller diameter cables are flexible enough to stand up to the rigors of the facility floor.

4. Instructional Placard

Easy-to-understand, large, text-free illustrations demonstrate correct form at a glance and a QR code links to a helpful 30-second instructional video.

5. Foot Bars

Exercisers can rest their feet on the foot bars during the workout for additional support.
