

CO02ES Pulldown VITALITY™ SERIES

The Vitality™ Series provides operators with a comprehensive conditioning circuit while staying within the space and budget requirements for a wide range of facilities, from hotels to multi-family living to community centers. The natural feel and ease of use appeal to a wide range of exercisers.

Approachable & Intuitive - Built to satisfy all levels of exercisers in your facility, the Vitality Series creates an open and inviting environment within a facility with a consistent low-profile tower height, translucent shrouds, and precision adjustments that

make it easy and comfortable for exercisers to get the right fit.

Built to Perform Long Term - The Vitality Series meets the demands of facilities and exercisers with durable, welded frames that can hold up to the pressure.

Part of a Complete Package - And it all fits within the Precor package, providing you with a consistent feel in your facility.

CO02ES Pulldown

VITALITY™ SERIES

Product Features

1. Dual-Pulley Handles

The independent, exerciser-defined handle design allows for various exerciser positions throughout the full range of motion. The handles are also slip resistant for optimal comfort and stability during the exercise.

2. Stabilizing Roller Pad

Thigh roller pads are fixed at an optimal height and provide exerciser stabilization for proper form throughout the exercise.

3. Optional Lat Pulldown

To add pulling movement variety, you can also purchase a lat pulldown bar for this unit.

4. Add-On Weight

Exercisers can easily engage the add-on weight with a simple push of a lever to increase the work load.

5. Instructional Placard

Simple step-by-step instructions for exercisers of all levels to help with setup and exercise, including tips to help maximize workouts.
